Mouse Molecular Genetics 18-21 September 2013

The 26th annual Mouse Molecular Genetics meeting will be held at the Wellcome Trust Genome Campus, from 18 to 21 September 2013.

This meeting is a leading forum for researchers who apply genetics and genomics techniques to address fundamental issues in mammalian biology, including stem cell biology, development, epigenetics and models of human disease. The programme will showcase the latest technical developments in genetics and engineering of the mouse genome. This year will also feature a new session devoted to cancer.

Topics will include:

- Organogenesis
- Technology
- Stem cells and germ cells
- Patterning
- Genetics and genomics
- Human disease
- Epigenetics
- Cancer

Deadlines

Abstract deadline: 19 July Registration deadline: 7 August

Full details at: www.wellcome.ac.uk/conferences

Scientific programme committee

Allan Bradley Wellcome Trust Sanger Institute, UK Kat Hadjantonakis Sloan-Kettering Institute, USA Yumiko Saga National Institute of Genetics, Japan Philippe Soriano Mount Sinai School of Medicine, USA

Keynote speaker

Margaret Buckingham The Institut Pasteur, France

Rosa Beddington lecture

Robin Lovell-Badge Medical Research Council, UK

Invited speakers

Wendy Bickmore University of Edinburgh, UK Thijn Brummelkamp Netherlands Cancer Institute Elaine Dzierzak Erasmus Stem Cell Institute, Netherlands Anne Grapin-Botton University of Copenhagen, Denmark Yann Herault Centre de Recherche en Biologie and Medecine, France Jos Jonkers Netherlands Cancer Institute Ryoichiro Kageyama Kyoto University, Japan Haruhiko Koseki Riken, Japan Jinsong Li Institute of Biochemistry and Cell Biology, China Pentao Liu Wellcome Trust Sanger Institute, UK Heiko Lickert Institute of Stem Cell Research, Germany Roland Rad Technische Universität München, Germany Nadia Rosenthal Imperial College London, UK Shankar Srinivas University of Oxford, UK Azim Surani University of Cambridge, UK Feng Zang Broad Institute of MIT, USA

Scientific Conferences are part of the Wellcome Trust Advanced Courses and Scientific Conferences Programme based at the Wellcome Trust Genome Campus, Hinxton, Cambridge – home to the world-famous Sanger Institute. For full details, please visit, www.wellcome.ac.uk/hinxton The Wellcome Trust is a charity registered in England and Wales, no. 210183. Its sole trustee is The Wellcome Trust Limited, a company registered in England and Wales, no. 2711000 (whose registered office is at 215 Euston Road, London NW1 2BE, UK).
